

BUILDING PERMIT APPLICATION

Meredith, N.H.

Date Received _____
 Fee Received: \$ _____ Rec.# _____

Before a Building Permit Application will be accepted by the Building Inspector, all items required as indicated on the application must be submitted with the proper fees. If an approval by another agency such as the State or any other governmental body is required, it must be submitted with the application and be valid at the time of submission. An application will not be accepted with notations such as "pending", "in process" or other such language. The Building Inspector will notify the applicant in writing if a Building Permit is denied and will specify the reasons for denial. Approval or denial must be done within thirty (30) days of receipt of a completed application for a residential structure. Non-residential applications or residential applications for ten (10) or more dwelling units shall be approved or denied within sixty (60) days.
