

# **Invasive Plant Species in Meredith - Awareness Workshop -**

**+ Open to Public +**

**When: July 8, 2009**

**Time: 7:00 pm – 8:00 pm**

**Where: Meredith Community Center**

**What you will learn:**

- **How to identify common invasive plants that occur in Meredith and surrounding communities**
- **Why you should be concerned with the spread of invasive plants**
- **What methods may be used to control or at least limit the spread of invasive plant species**
- **Where the most pervasive infestations of invasive plants occur in Meredith**
- **Who to turn to for help**

**This “Awareness Workshop” will be presented by Mr. Doug Cygan, Invasive Plant Species Coordinator with the State of New Hampshire, Department of Agriculture in cooperation with the Meredith Conservation Commission. Doug is a seasoned professional biologist with many years of experience and a great source of information for anyone interested in gaining more knowledge about our responsibilities regarding invasive species.**

**For those wanting some hands on identification, the workshop session will feature specimens of invasive plant species currently spreading in and around Meredith. For further information contact the Meredith Conservation Commission: attn: Mr. Ralph Pisapia (279-7162) or e-mail [conservation@meredithnh.org](mailto:conservation@meredithnh.org)**
